

Career Launch Program

"Where talent gets the upgrade it deserves."

Built by Pros, Made for You

The DataCabin Career Launch Program is a **fast, affordable, and result-oriented offering** designed by working professionals to help individuals elevate their career profile. Whether you're looking for your first role, a career switch, or just better opportunities, this program equips you with the **tools, strategy, and confidence** to make it happen.

The Vision Behind the Program

Today's job market demands more than just qualifications. Many face issues like:

- Outdated or unimpactful resumes
- Low LinkedIn visibility and poor engagement
- Uncertainty about how and where to find meaningful opportunities

The program addresses all these gaps through **focused, personalized, and action-driven sessions** led by professionals who are actively involved in hiring and mentoring.

Who's Behind This?

The program is offered by **DataCabin**, a startup built by working professionals with real hiring and mentoring experience. With a strong background in conducting interviews, screening candidates, and guiding career journeys across domains, the team brings:

- **First-hand hiring insights** from real-time recruitment processes
- **Mentorship expertise** focused on career clarity and growth
- A shared mission to **bridge the gap between potential and opportunity**

This ensures that every session delivers **practical, relevant, and result-oriented guidance**, not generic advice.

Program Structure

1. Modular Format

Participants receive dedicated **one-on-one sessions**, with the flexibility to choose individual services or a bundled package:

- **Resume Building** – 30 minutes of personalized review and enhancement
- **LinkedIn Profile Optimization** – 30 minutes focused on visibility and positioning
- **Opportunity Strategy & Tips** – 30 minutes of practical career guidance
- **Full Package** – 90 minutes covering all three modules in one go

2. Delivery Modes

Online: Conducted via Google Meet in a **1-on-1 format**

Each session is interactive, personalized, and tailored to the participant's background and goals

3. Execution Flow

This program is strictly designed for **individual, one-on-one delivery**, ensuring each participant receives dedicated guidance.

Participants will be offered **three predefined time slots**, from which they can choose their preferred session timing.

Services in Detail

1. Resume Building

- Personalized review of existing resume (if any)
- Role-specific keywording and content enhancement
- ATS (Applicant Tracking System) optimization
